ArtsQuest is a Bethlehem-based nonprofit dedicated to presenting music, arts, festivals, film, cultural experiences and educational and outreach programs that aid in economic development, urban revitalization and community enrichment. Through festivals such as its flagship event, Musikfest; the Banana Factory Arts Center; and the ArtsQuest Center and SteelStacks arts and cultural campus, ArtsQuest's programming reaches more than 2 million people annually.

### Your Support Matters

Every ArtsQuest program is made possible in part through charitable donations from individuals just like you.

Together we're engaging and revitalizing our community with the presentation of more than 2,000 arts performances, workshops, classes, films and educational activities each year, 65% of which are free.

ArtsQuest Education Programs

## ArtSmart After-school and Summer Art Enrichment Available for Grades PreK-12

Art enrichment programs are interactive after-school or summer courses that are taught by professional Teaching Artists either in the Banana Factory Arts Center or at your school. Students are not required to have previous art-making experience. ArtsQuest offers multi-disciplinary programs for any grade level. The standard after-school or summer enrichment program runs 6-10 weeks. Visual arts program courses include ceramics, painting, drawing, photography, mosaics, printmaking, and fiber arts. Other program disciplines include music, poetry, and literacy. ArtsQuest will work with your school to develop a customized program to fit your needs.

Student to teacher ratio is 10:1 to provide a high-quality experience for students and individual support from the instructor. Enrichment programs often culminate with an exhibition of student work.

## Special Events and Programs

ArtsQuest offers a wide variety of multi-disciplinary programs year-round for students. Check our website for an updated list of programs: [artsquest.org/what-we-do/education/](https://artsquest.org/what-we-do/education/)

## Visiting Artist Residencies and Workshops Available for Grades PreK-12

Visiting artist residencies are an opportunity for schools to bring ArtsQuest Teaching Artists into the classroom to develop and co-teach a curriculum-driven art project in collaboration with teachers or staff. These professional artists train students on the method and medium of a larger collaborative project, such as a mural or quilt, which can be exhibited at the school or elsewhere in the community. This program also incorporates a field trip to the Banana Factory to see where their visiting artist works and creates. Residency programs culminate in an exhibition of student work.

## Field Trips

Get Creative! ArtsQuest offers guided gallery tours and art-making activities for all ages. For school groups, trips can be customized to the classroom's current curriculum.

Field Trip activities take place at a variety of locations on the SteelStacks campus including the Banana Factory Arts Center and the ArtsQuest Center at SteelStacks.
