

Web Development Internship

Web Development Internship

The Web Development Intern will work on a variety of diverse and exciting projects including adding & editing content for six branded websites, using Photoshop to edit and post images and photo galleries, and assisting with HTML & PHP projects based on skill level. This internship is geared towards students studying Information Technologies or a related field.

Responsibilities may include:

- Processing and adding event data to websites as well as the Musikfest app
- Resizing images, creating ads (with direction), adding and formatting content
- Assist in the maintenance of several branded websites
- Stay plugged into emerging technologies/industry trends and apply them into operations and activities
- Assist the Web Development manager as needed
- Interns will be required to work at least **16-24** hours per week, or as needed to fulfil credit requirements

Qualifications:

- Currently enrolled in a full time undergraduate or graduate degree program
- Prior knowledge of WordPress, its functions and capabilities
- Working knowledge or proficiency with HTML, CSS, or other languages
- Intern must be organized and detail oriented
- An interest or passion for the arts
- Able to set and adhere to strict deadlines
- Prior experience with web development is a plus

The internships listed above are generally available year-round except where noted. If you are interested in one or more of the internships listed above, please follow the **Application Instructions and Timelines** posted on our website at www.artsquest.org/info/internships for all the details for qualifying and applying.
